Treasure Island, FL 33706

Dear Charles:

Thanks so much for the great job you did with the protective treatments on my Piper Saratoga airplane.

The protective coatings have enhanced the colors of the airplane and I am sure have extended the life of the paint job considerably.

I can't thank you enough for your fine service. If you have need to use this letter as a reference, feel free to do so.

Sincerely,

John C. Petagna, Jr.
